## Rasche's Skat 4.0

(for Macintosh and Win95/Win98/ME/NT4/NT2000)

[Ich spreche nur deutsch.](#)

You'll be amazed by our new Skat simulation. Skat, the card game played by three or more players, was developed in Altenburg, Germany at the beginning of the 19th century. Since then, it has become one of the world's great games and is certainly the best-known German card game.

This version of Rasche's Skat is intended for those who want a full-featured game at an attractive price. You'll play against animated competitors in a 3-D playing environment.

Take a look at one example of the new interface:

Requires MacOS (7.0 or higher) or Win95/98/ME/NT4.0/NT2000

<b>Features:</b>	
- animated 3-D interface	
- German- or English-language versions	
- Multiple Screen Resolutions(640*480; 800*600; 1024*768)	
- Suit, Grand, and Null Games as well as Ramsch	
- Doubling, Re-doubling, Pub Skat, and Bock Rounds, ...	
- Plays under the official rules of the German Skat Association and International Skat Players Association (including rule modifications since Jan. 1, 1999)	
- 6 voices (3 male, 3 female)	
Assorted playing styles for three skill levels:	
- Beginner (Only under Mac Classic)	
- Social Player	
- Advanced	
- Practice Mode, replay games, count points of all players, table of cards already played.	
- "Give up" and "Rest mine" functions to break off games.	
Additional Options for Ramsch:	
-- Trick with 0 points also counts double.	
-- All players deduct points taken.	
- Option to play a card with single or double mouse click.	
- Assorted card views (Sort left/right, by suit, trump separate, etc.)	
- <b>A special carbonized version runs natively under MacOS X.</b>
